THE GOAL OF ZIONISM

Complete the graphic organizer to explain:

- The problem Zionism was created to solve
- The way the problem was solved
- The short-term and long-term results of the solution

To add this to your workbook, cut along the dashed line, and fold on the solid line. Put glue on the BACK of the striped area, and glue it to the top of page 115. Glue it so it is readable when flat, and you can fold it upwards to read the workbook page.
